

Service Agreement

We the undersigned do hereby agree to employ the services of Cadantis Associates Ltd who will act on our behalf in analysing our water bills and endeavour to prove and obtain reductions in those charges including backdated refunds.

We understand and agree that the fees payable to Cadantis Associates Ltd shall be a sum equal to 50% of the full savings for year one (the year starts from the date the water company agree the appeal) plus an amount equal to 50% of any refunds, credits or cancellation of charges achieved from the relevant water company.

In the case of down banding (reduction of water charges relating to site area or rateable value) an additional charge equal to 40% of the annual savings will be charged in year 2.

These fees are subject to VAT at the prevailing rate and become due for payment 14 days after notification of approval by the water company. We also understand that in the event of no savings being achieved then no fee whatsoever is payable to Cadantis Associates Ltd.
